Weight : 0.3mm thick = 0.4kgs per m²
0.5mm thick = 0.7kgs per m²

*Our flame retardant sheet is certified as a flame retardant product in Japan.

Option(Only for Hyper curtain)

Opening/closing fitting with a handle for single leaf (Large type).
Weight: about 6kg per 5000L (1pc).

Aluminum bracket for single leaf

Zipper

Open zipper

Velcro tape (Width 25mm & 50mm are available)

Chain-containing lower part
Weight: about 0.15kg per meter.

Grommet (standard specification)

* Available diameter of the grommet : 10, 12, 15, 19φ (10φ as standard)

Sheet for the bottom gap of the rail

Flameproof label
